Dear parents,

Greetings from Indian School Sur!

As the academic year 2021-22 draws to a close and students look forward to the final exams, we wanted to reflect on some important points and also thank you for your support and commitment.

Despite another turbulent year, we have continued to thrive and flourish in all spheres of school life. Our school has always stood with the student-parent community for their overall wellbeing. We provided online, offline, and blended learning modes in this academic year to give each individual the best. The teachers used innovative and effective teaching methodologies focusing on the constantly changing educational pedagogy, enhancing academic achievement. Apart from skills and knowledge, due attention was paid to inculcate values that will stand children in good stead in life. Looking ahead to next year, it is vital that we remain focused on managing our response to COVID-19 to ensure we can continue to teach and learn safely.

Annual Examination

With exams just around the corner, the students are advised to devote their valuable time for preparation and perform well. Parents are requested to pay special care and attention to their ward to ensure that the time has been used judiciously. Students can approach their subject teachers for clearing their doubts and of any additional help. The final exam may begin in March 2022. The detailed timetable will be issued later.

Fee Payment

As the academic year is coming to a close, parents are requested to clear their ward's fees and dues, if any, on or before **28-02-2022** and get the **No Due Certificate** signed before appearing for the final examination.

New Academic Year 2022-23

The new academic year 2022-23 will begin on Sunday, April 3, 2022. The school has started accepting admission registration for the next academic year. Interested children looking for new admissions are requested to apply using the link available on the school website.
