SAVE NATURE

*Nature gives us air
Nature gives us water
Nature gives us food
Save the nature
Save our life.*

MY GARDEN

I have a beautiful garden beside my house.

There is lush green grass in the garden.

The grass is very soft and velvety.

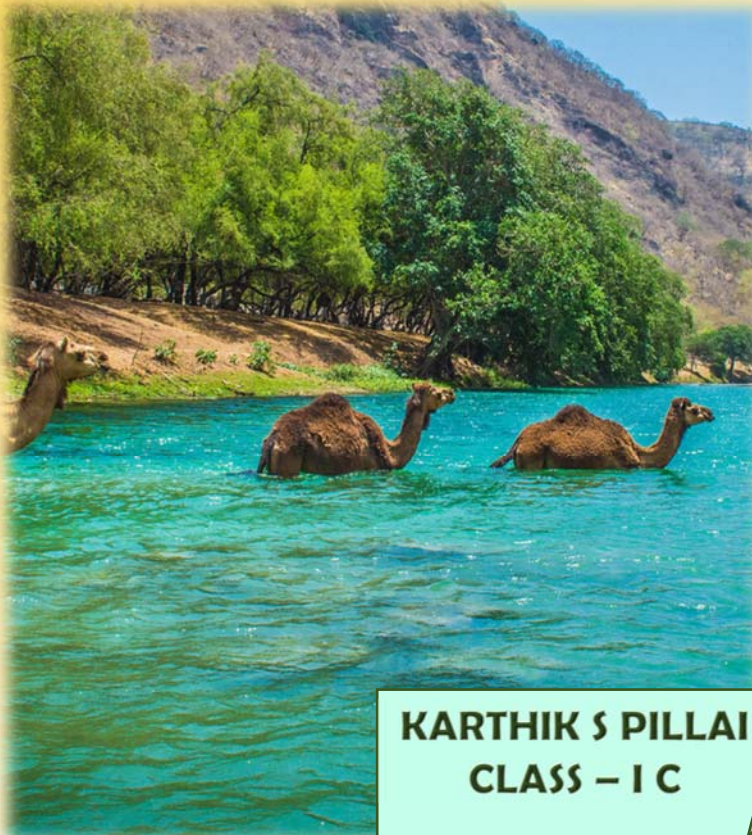

My garden is full of fascinating flowers – roses, orchids, dahlia, lilies, mogra, marigold, daisies, sunflowers, etc.

There are numerous herbs like tulsi, fenugreek, coriander, mint

planted in the garden by my grandmother.

SALALAH

**KARTHIK S PILLAI
CLASS – I C**

In my holidays I went to Salalah with my father, mother and brother. We went to Salalah on a bus. Travelling by bus was very interesting and good to see all places. Salalah is a beautiful place. In Salalah, I saw green mountains, plants, rivers, waterfalls, ponds, beaches like that. There are so many coconut trees and banana trees. I did boating with my family and also I rode the boat with my father that I enjoyed it a lot. I went to shopping malls and restaurants. We went to a beach where the water comes from blow holes. That was the most beautiful sight I have ever seen! I will never forget my trip and I love to visit this amazing place again.

My Pumpkin Baby

Ohh my baby ohh my baby
When will you come?
I am waiting for you
When will you come?

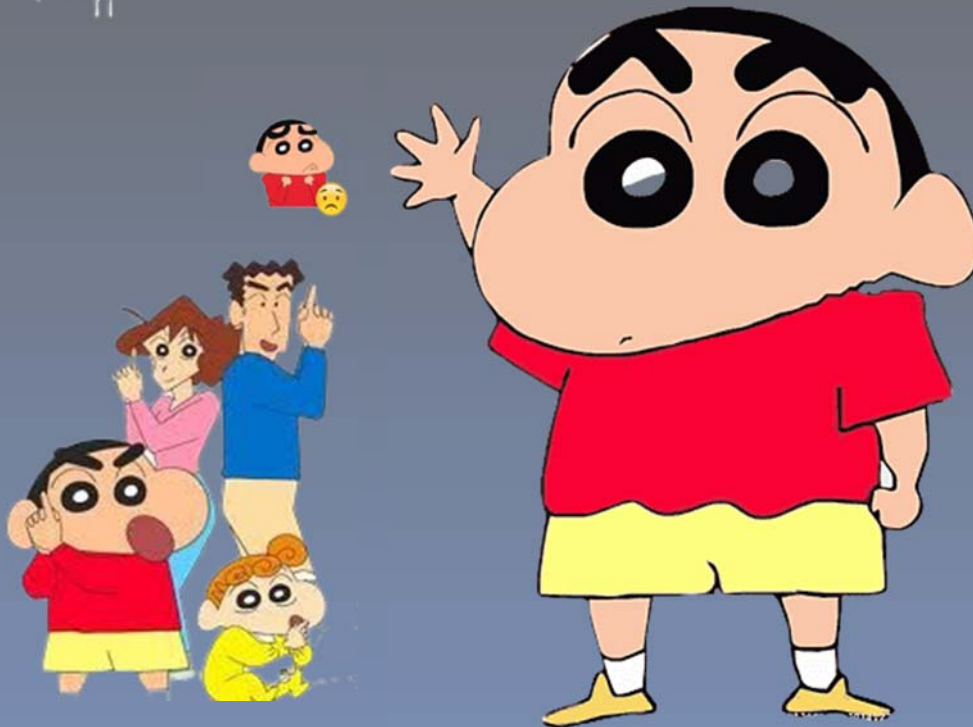

I ask mom how baby looks like!
She looks like an apple now, mom said.
Please tell me when baby will come?
Let her be a pumpkin- she smiled...

Now I am waiting
you to be a pumpkin baby
Ohh my pumpkin baby

When will you come...?

FAVOURITE CARTOON CHARACTER

I watch lots of cartoon shows and I like all of them. But, my favourite cartoon character is Shinnosuke. Shinnosuke Nohara is a 5 years old kid from Japan. He is very mischievous. He goes to Fatuba kindergarten school. He troubles his friends, family, neighbours and teachers by singing silly songs. He has an extremely funny personality and even funnier voice. He has a nice family including his father Hiroshi Nohara, mother Misae Nohara, sister Himawari Nohara, dog Shiro and Grandparents. Kazama, Masao, Nani and Bochan are his closest friends. Shinnosuke is the most impish of them all. Shinnosuke is fond of eating chocolates and watching Action Kamen, his favourite cartoon. The thing I love the most about the cartoon character Shinnosuke is that he loves what he does and he is full of optimism. The show Shinnosuke is really fun and all my family members watch it along with me.

MY MEADOW

My garden has many flowers
 Red, Blue, yellow and white
 Red's are roses , blue's are orchids,
 Yellow's are daffodils and white's are jasmine.
 My garden is so beautiful,
 It's visitors are so wonderful.
 Bees, birds , butterflies and
 The dragon flies are regular.

MY BEAUTIFUL GARDEN

My garden, my garden,

I have a garden.

A lot of beautiful and colorful flowers

Many birds and butterflies,

Come to my garden.

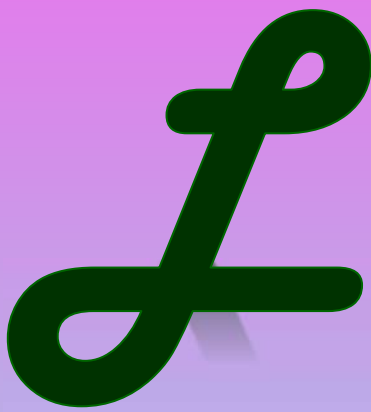

They all are enjoying.

My garden, my garden,

I have a garden.

Pony The Brave Kitten

ong ago there was an old woman who lived in a small village. Her name was Mary. She loved pets. One morning she heard a loud noise to her surprise she saw a cute kitten sitting on her roof. she took the kitten down and said "Oh so cute! I like you so much". She saw the kitten's leg was hurt, she put some medicines on the wound and took care of the kitten. Mary named him "Pony".

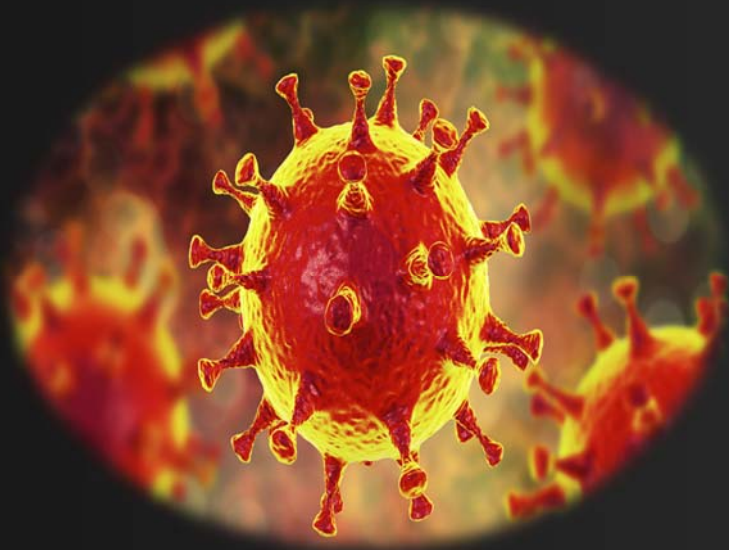

Pony was very happy, he enjoyed playing with Mary. Mary already had few pets, so Pony made some new friends. After few days, Mary went to meet her friends, she was late in getting back home. During that time a thief had come to Mary's house and stole her food, she returned home hungry. Mary noticed that someone had eaten her food. She said to herself "It is Pony who ate my food!!" She shouted "Get out of my house now Pony!!!". Pony was so sad he stood outside her house crying "meowww meowww". The next day the same thief came to Mary's house to steal her food, this time Pony saw the man and he was crying loudly. The thief was alarmed and he ran away- Mary saw this. Next day the thief was caught by the village people. Mary realized her mistake and felt sad because Pony was innocent, she took Pony and put on her lap and said "I am so sorry Pony, you are so kind, and you saved my life", and they lived peacefully ever after.

Oh! Corona!! Now you go

Corona, Oh Corona!!

A small virus you are!

Invisible to all,

But catches like a fire.

Corona, Oh Corona!!

Every heart is in fear!

More you spread more we fear,

Poor, rich and warriors no one you spare.

Corona, Oh Corona!!

The only way to combat you!! Is to-

Stay home, keep distancing, wear mask and

Visit a doctor if you need care.

Stay Safe
and
Healthy

MY FAMILY

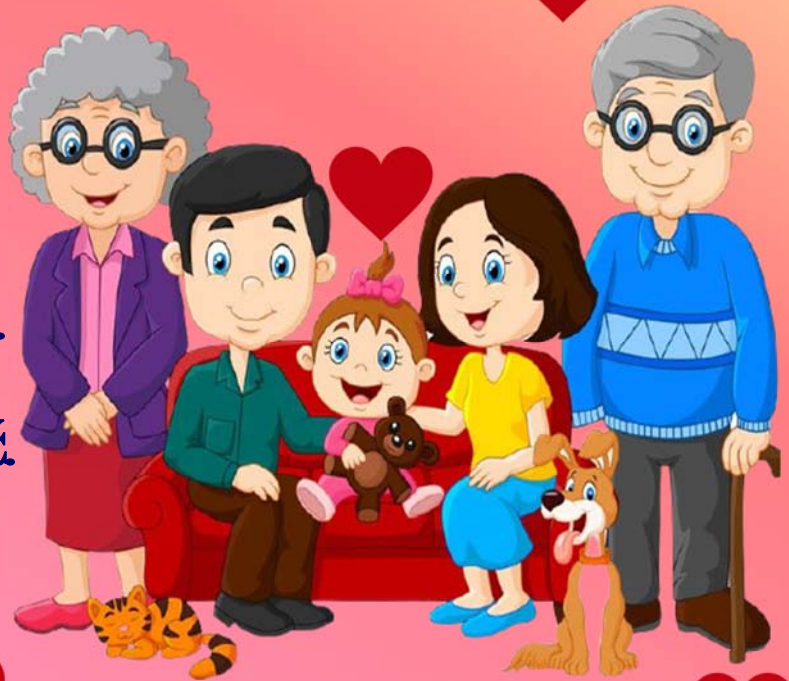

He is my father, kind and caring.

She is my mother, gentle and soft.

She is my sister always play and enjoy.

He is my little brother, small and sweet.

This is my family, I love them all...

IRENE MARIA
CLASS - I A

MY FRIENDS

My only reason for waking up to good day - MY FRIENDS.

It is always fun to be around with - MY FRIENDS.

Their presence makes me run to school

I love my friends deeply and will love them always.

My reason for happy dreams - MY FRIENDS

No day is lazy day with them - MY FRIENDS

We share not only just foods but love and care

Because we love each other and will love always.

I LOVE MY FRIENDS.

Nature – Our Wealth

There was a beautiful garden in a village with lots of flowers, plants, butterflies and birds. One day some children visited there to play. They plucked all the flowers and plants in the garden. They did the same every day. After a few weeks when they again, they couldn't see any butterflies or birds. The garden had lost its beauty. They felt so sad. Then an old man came and said to them "you plucked all the plants and flowers. Do you know? They are also living things. We do not have the right to destroy them. So please don't harm our nature". The children realized their mistake and thereafter, they never destroyed any flowers and plants.

What is Love?

Love is when you are Missing some of your teeth

But you are not afraid to smile

Because you know your friends will still love you.

Even though some of you is missing.

FAMILY

I love my family. We have a great family time almost all days especially during weekends. we help each other in daily work at home. We do lot of activities together like praying and having food. Best time is chatting with mamma and pappa and buttering them to get toys. Watching scary movies are lot of fun with amma. I did learn many things from my parents and also from my younger sister. I try to imbibe good qualities from them. Recently, I am trying to avoid screen as much as possible just like my pappa. Afterall, family is all about learning, laughing, enjoying, fighting, being there for one and another, inspiring each other and with my family I feel at my best and I can win the world. Again and again, I love my family.

HOME TOWN

I hail from the world-famous town named Channarayana. It is famous for its wooden craft and toys and hence the name “Toys City” or in Kannada language called as “Gombegala Ooru”.

The town is 60km away from the capital city of Bengaluru, Karnataka. The town streets are lined with very attractive and colourful toys that are made mainly of wood and coloured using natural environment – friendly dyes, which are safe for tender children’s hands.

With the advent of cheap plastic toys, the life of artisans engaged in production of these wooden toys are in threat. As we all know, plastic is not eco-friendly and we should stop buying these plastic toys; and encourage use of wooden toys and make the mother earth plastic free. In turn this would also help in betterment of artist’s life and skill.
