Academic Year

"This is a new year.
A new beginning.
And things will
change" – By
Taylor Swift.
The academic year
2021 -2022 started
on April 5 2021 in
the virtual
platform Zoom
and Google Meet.

Fee Concession

The school management has initiated necessary measures to ease the burden on parents by providing fee concession to all the students since April 2020. From May 2021 to July 2021, only tuition fees and administrative fees were collected from students. Students were also exempted from paying the sports fee, stationary fee, computer fee, science fee and lab fee for three months. The SMC supported parents by reducing 10% of the

tuition fees for May 2021 to July 2021. Besides, late payment was not charged for the months from April to July.

Since the financial difficulties caused by the COVID-19 pandemics persist, the school management has decided to extend the same fee concession for the next two months, i.e., August and September 2021.

Happiness Curriculum

The happiness curriculum sessions are being conducted every week for students of Classes VI, VII and VIII from 18.04.21 onwards to spread joy among students whose interaction with their peers is restricted due to the lockdown. Multiple skill-oriented learner-centered activities are conducted during these sessions, which help students to cope with the stress caused due to the current pandemic situation.

Issue of Library Books – Reading Activity

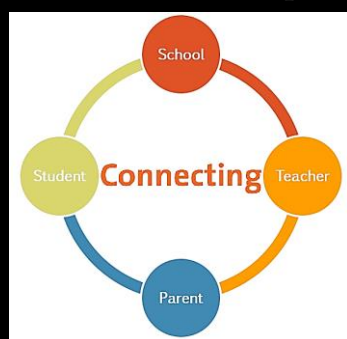

Reading is a passport to countless adventures. It is the gateway skill that makes all other learning possible. To let our children, fly to the world of fantasies, our

school's librarian had initiated the distribution of books to the students during the lockdown. PDF of the books available in our library was also made accessible to the students. Students are expected to send an E-mail to the librarian requesting the books of their choice. The books are then issued to the students every Wednesday from 5 pm to 6.30 pm at the school.

SMC- Parents' Meet

SMC – Parents' Meet for KG classes to grade V was held on 22 May and for classes VI to XII, was held on 23 May 2021. This proved to be a fruitful interaction between the SMC and the parents for the development of the school and the betterment of our children, where we analysed both our strengths and areas for improvement.

More than 420 parents attended the meeting, and the meetings held on both days generated insightful suggestions. The school management committee thanked and appreciated the parents for their wholehearted support and encouragement, which keeps us going despite the pandemic constraints.

SMC- Teachers' Meet

SMC – Teachers' Meet was conducted virtually. The meeting proved to be a worthy platform to discuss the holistic progress of our institution and to identify potential areas for improvement.

Textbook, Notebook and Printed Notes Distribution

Textbook and notebook distribution was carried out according to the following schedule:

Class KG, 1 & 2 - 10.04.21

Class 9, 10 & 12 - 11.04.21

Class 6,7 & 8 - 12.04.21

Class 3,4 & 5 - 13.04.21

Printed notes were distributed on 20.05.21, 22.05.21, 18.08.21, 19.08.21 and 22.08.21 to reduce students' screen time, who have to copy the notes from the Google Classroom otherwise.

Office Bearers Selection

The election of the school office bearers was conducted on 12.08.21, and the following students were elected as

School Students Council Members

Tanvir Rahman

Head Boy
Class XII

Earth Day Celebration

Earth day celebration and awareness program were conducted virtually by the Department of Science and Social Science on 22 April 2021. Children actively took part in the virtual programme.

Independence Day Celebration

Independence day celebration – 15 August 2021. A fantastic and inspiring programme teeming with the spirit of independence was put up by the students of grade VIII. The colourful and vibrant celebration included patriotic songs, dance and speech performances of eminent freedom fighters enacted by students. The programme was broadcasted live on YouTube.

Onam Celebration

Special Onam assembly was conducted on 19.08.21 by the students of classes IX and X. The spirit of oneness inspired the programme. It showcased the grandeur of our rich cultural heritage by exploring the significance of the myth regarding the homecoming of the legendary king Mahabali.

Vaccination

'Doing it all; Protects us all.'

Inoculation for students aged 12 to 17 years was conducted from 16.08.21 to 19.08.21, in Lubaba bint Al Harith School, Sur.

HP IDEA Training

Six of our faculty members are attending a course conducted by HP IDEA, which promotes and stands for new strategies and innovations in the education system. The course aims to develop effective teacher-leaders embedding cutting edge handy teaching skills across the participating schools. The course also aims at supporting teacher and student entrepreneurship ideas. The HP IDEA program will support the strategic objectives of the regional Ministries of Education and private school groups – and help address the challenges and harness the opportunities presented by COVID-19's impact on the education sector.

Education is the most powerful weapon which you can use to change the world.
– Nelson Mandela

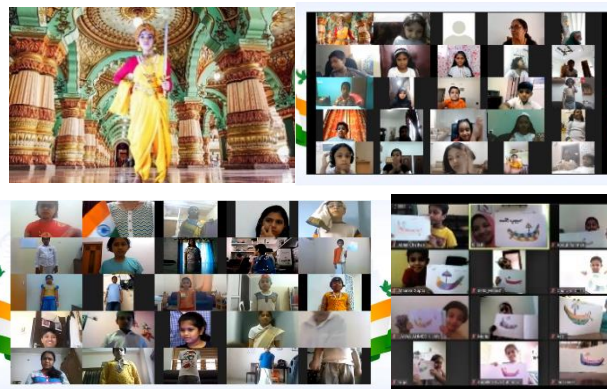

Turncoat Debate Competition

Online turncoat debate competition of class XII students was conducted on 19.08.21. Eight students participated in the competition, where two students each represented different houses. The programme provided a space for the students to showcase their eloquence and debating skills.

Daily Assembly

- All the respective classes conduct daily special assemblies to celebrate "Azadi Ka Amrit Mahotsav" INDIA@75

HP IDEA

(Innovation & Digital Education Academy)

Mirai Partners

As Olympic silver medallist gymnast Jonathan Horton once said, “It’s not about winning or losing a competition, it’s about beating the doubt within yourself and knowing that each day you are one step closer to your goals.”

Indian School Sur envisions that its students carve a niche for themselves in all of their endeavours. Concerning this, we extend invaluable opportunities for students to grab and excel both at inter-school and intra-school levels. Co-curricular activities are essential for all students and help in enhancing the learning process. Even though the pandemic has disrupted our everyday school life, we have strived hard to conduct competitions online this year to provide the students with a platform to showcase their talents and enhance their personalities along with their academic progress.

The co-curricular activities held virtually during the last academic year (2020-2021) was a significant milestone. This academic year (2021- 22) also we have planned various events for the students to explore their creative skills and advocate remarkable progress in their personality refinement. Events are categorized under four levels; sub-junior, open, junior and senior and the domains include dance, music, art, IT, performing arts and literary events. These activities stimulate painting, singing and speaking skills in students. Co-curricular activities make the students fit for the future and develop a competitive spirit, cooperation, leadership, diligence, punctuality, and team spirit. The events are non-competitive, and

non-competitive, and students are graded according to their performance with A+ (Outstanding), A (Very Good), B+(Good) and B (Average). The events were also broadcasted live through YouTube/Zoom.

The literary events were conducted from May 3, 2021 to May 20, 2021. The most eminent judges judged the programmes from all over Oman, India and Dubai. The art events were conducted during the vacation. We witnessed the dedicated efforts of the students to display their craft and to hone their creative skills.

These activities are designed and balanced with the academic curriculum so that every student gets to learn beyond the framework of academic learning. We have seen the students making the best use of the opportunities to mould their personality and enhance their social, intellectual skills and moral values.

Online Chess Training and Tournament

To enflame the sporting spirit during the COVID-19 pandemic time, our P.E department started giving chess training through the free online website www.lichess.org, on all weekends. Chess is a universal game that promotes critical intellectual skills such as problem-solving, logical thinking, pattern recognition and concentration. Training sessions commenced in May 2020 and is successfully progressing. At present, 50 students regularly participate in the weekend training sessions. To give the training efficiently, students are divided into three

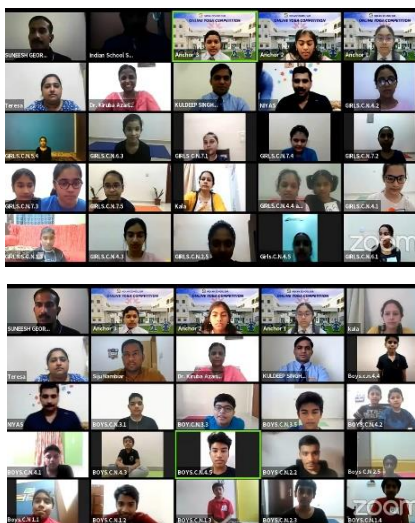

groups according to their playing levels: beginners, intermediate, and advanced. To develop the competition experience, tournaments are organized for different groups (beginners and advanced groups) on every Friday and Saturday. Students are actively participating in these tournaments and showcasing their talent and game spirit.

School Facebook Page

Indian School Sur updated and revamped its Facebook page for the virtual display of our student's talent on social media.

<https://facebook.com/groups/issur/>

Class X & XII Results

We achieved 100% result in CBSE class X and XII Board Exams.

INDIAN SCHOOL SUR EXCELS IN CBSE CLASS X RESULTS:

The much-awaited results for class X were announced on 3rd August by Central Board of Secondary Education (CBSE) on its website, putting an end to all the speculations. As expected, the school has produced 100% results, giving a huge relief to all the students and the parents. Indian School Sur is proud to announce the outstanding result of class X for the academic year 2020-21. However, this year the result tabulation has followed unique criteria, prescribed by the CBSE Board due to pandemic looming across the globe. Miss Shahana Rajasekar topped the school with 488 marks (97.6 %) followed by Miss Abhirami Thayala Valappil with 483 marks (96.6%) & Miss Musarrath Jahan with 478 marks (95.6 %). Out of 65 students who enrolled for the board examination, 9 students got 91% and above, 21 students got between 81 – 90%, 13 students got between 71 -80% and 12 students between 61% and 70%.
