CIRCULAR

CONSTRUCTION OF KG BLOCK & MULTIPURPOSE HALL

Dear parents,

Greetings from Indian School Sur!

"Endurance is nobler than strength, and patience than beauty." John Ruskin

After several years of strategic planning, communication, tracking and reporting, the Indian School Sur is ready to realise the most awaited and growing demand of the student-parent community regarding the construction of a Multipurpose Hall and a separate Kindergarten Block. The facility will have extended classrooms having the provision of a stage with all modern facilities to meet the indispensable needs of our children. The Indian School Sur provides a unique opportunity for the stakeholders to have meaningful participation in the resourcing and construction of the MPH and KG Block with your area of specialisation.

The school plans to create a technical advisory and finance committee for this purpose. We are looking for proactive parents with field expertise and ready to spare time to do an honorary service as part of a team to get involved in the school's developmental programmes. Getting involved at their child's school will give them a feeling of great satisfaction. Interested parents may register their names and other details in the Registration link provided below:

Together we can accomplish a job worth doing and success worth reaching.

Regards
