Enterprise Resource Planning (ERP) system - Mograsys

Dear Parents and Students,

Greetings from Indian School Sur!

We are pleased to inform you that **Indian School Sur has successfully completed the migration to its new Enterprise Resource Planning (ERP) system, Mograsys. As part of this transition, the new Parent Portal and MograHUB Mobile Application** are now available for parents to access.

The new ERP system provides a convenient platform for parents to access important information related to their children, including personal details, academic assessments, attendance, fee details, and other school-related updates. Parents can access these services through either the web-based Parent Portal or the MograHUB mobile application.

1. Discontinuation of the Previous ERP System

As the migration process has been completed, **the previous ERP system has been discontinued.** Parents are therefore requested to stop using the old ERP system, particularly for fee payments.

With immediate effect, all online school fee payments should be made exclusively through the new Mograsys Parent Portal or MograHUB mobile application.

2. Access to the New Parent Portal

Parents can access the new ERP system using the following details:

Parent Portal (Web):

<https://issur.ppnv1.mograsys.com>

Mobile Application: MograHUB

Institute Code: ISSUR

Login ID: Parent ID (to be provided by the Class Teacher)

Initial/Common Password: 12345@

The Parent ID and the initial password can be used to log in to both the web portal and the mobile application.

For security reasons, parents are strongly advised to change the initial password immediately after their first successful login.

3. Mobile Application Download Links

The MograHUB mobile application is available for both Android and iOS devices.

Android – Google Play Store:

<https://play.google.com/store/apps/details?id=com.mogra.hub>

iOS – Apple App Store:

<https://apps.apple.com/om/app/mograhub/id6736962827>

4. Verification of Student Information

As the school has recently completed the data migration, all parents are requested to **log in to the new ERP system and carefully verify the information available regarding their children**, particularly:

- Student personal information and contact details
- Fee details, payment records, and outstanding balances
- Academic assessments and related records
- Attendance details
- Other student-related information available in the portal

If any errors, discrepancies, or missing information are noticed, parents are requested to inform the respective Class Teacher so that the necessary corrections can be initiated.

Your cooperation in verifying the migrated data will help us ensure the accuracy and reliability of the new system.

5. Video Tutorials for Parents

To assist parents in accessing and using the new ERP system, step-by-step video tutorials have been provided by the ERP team.

Part 2: <https://youtu.be/63F7w4mKk1Q>

Parents are encouraged to watch these tutorials to familiarise themselves with the login process, navigation, and various features available in the new system.

6. Important Instructions to Parents

1. Obtain your Parent ID from your child's Class Teacher.
2. Log in to the Parent Portal or MograHUB application using the credentials provided.
3. Change the initial password immediately after logging in.
4. Verify your child's personal, academic, attendance, and fee-related information.
5. Report any discrepancies to the respective Class Teacher.
6. Use only the new Mograsy platform for all future online fee payments.

We request all parents to begin using the new ERP system and familiarise themselves with its features at the earliest.

We appreciate your patience and cooperation during the migration process. We are confident that the new system will enhance communication, accessibility, and the overall experience of parents in accessing school-related information and services.

Thank you for your continued support and cooperation.

Warm Regards,

Parveen Kumar
Principal
